

# GUNDECHA EDUCATION ACADEMY

## Announces an opportunity for Students, Teachers, Parents and Working professionals

### Open for GEA and outsiders

**Dear Students, Teachers, Working Professionals, Parents,**

Here is your opportunity to tackle and learn English:

**ENGLISH at Entrance exams and / or the board examinations (any board)**

(Std VIII to College level)

**Are you preparing for and planning to appear for competitive examinations?**

In addition to the Indian Institutes of Management (IIMs) and the All India Management Association (AIMA) which conduct the Common Admission Tests (CAT) and Management Aptitude Tests (MAT), certain universities and management institutes also conduct entrance examinations for admission.

Be it preparation for Engineering, Medicine, Law or other fields.....

Some of the popular examinations are:

SNAP, NMAT, JMET, XAT, FMS, IIFT, ATMA, IRMA, CLAT, CS, TOEFL, IELTS, NIFD..... etc.

**What could become the biggest hurdle?**

In all these tests there is a paper of **Test of English Language or Communication skills similar to the levels required for IELTS/TOEFL.**

Reading Comprehension (RC) Tests hold a significant position in such examinations and you will almost always find a separate RC section the difficulty level of which has become the trademark for certain examinations. For example, the RC section in CAT is very difficult while RC paragraphs in XAT are very lengthy.

In addition to the above mentioned examinations, there are many more examinations which have the '*Test of English*' as a core section.

**An initiative by EXCEL ACADEMY**

**An Academy for SPOKEN ENGLISH & ENTRANCE EXAMS**

*The 7 skills that take you towards success:*

*attitude + motivation + time + method + tactics + achievement = success!!!*
