

Greetings of the day!!!

We are honored to invite your prestigious institution to participate in 3rd edition of the KenKen® International Championship (KIC) – a Mathematical Puzzle based competition, searching for talented students across the country who can represent India on the world platform. KIC is the only platform that develops “reasoning skills” and affinity towards Mathematics in Kids.

KenKen has been developed by a Japanese Mathematician and is acknowledged by NCTM (National Council of Teachers of Mathematics) as a powerful tool to “build reasoning skills”. Also, Time Magazine has rated Kenken as the next big thing after Sudoku.

We are happy and privileged to state, that our former president “Late. Dr. A. P. J. Abdul Kalam, had appreciated the concept of KenKen”.

We have successfully executed the competition for last two years & each year we selected talented students as our National champions whom we took to New York to participate in the International round. Each national champion was accompanied by one guardian whom we took on all paid international trip for participating in the international round.

We would like your school to participate in this championship and provide a unique opportunity to showcase the talent from your school at state, national and international level.

Please check <http://www.kenken.co.in/> for further details about the competition.

Participation Details:

All students from Class 3 to Class 9 are eligible to participate

All candidates will receive:

- A preparatory book/ebook
- An online (smart class/phone friendly) orientation programme to help them understand the puzzle and guide the students
- Online Certificate for Participation
- Medal for State Champions and Shield for their respective Schools
- Shield for National Champions as well as their respective Schools
- The winners of the National Championship will get a chance to represent India at the KenKen International Competition to be held in New York in Dec 2017

Registration Details:

Student/schools can register online (<http://www.kenken.co.in/registration/>)

Enrollment fees: Rs. 300 (Rs. 120 for Registration + Rs. 150 for Preparatory book + Rs. 30 for school coordination fees) incl. of all taxes

School Coordination fees: Rs. 30 per student (For coordination and conduction of school round within the school)

For your reference, we have attached the research report form NCTM and the KenKen Championship brochure.

In case of any query, feel free to call **Sanjiv Nair** at **9821737376** We are looking forward for your positive response.

Regards,
